### PHOTOFESTIVALS

Each winter, NHPPA offers a series of one day workshops to members. The classes are normally offered between January and March, and members can sign up to attend as many as they wish. There are a wide range of topics covered and superb local instructors. There is a nominal fee for each class that goes directly into a "speaker fund" and helps create even more educational opportunities! PPA members earn one PPA Continuing Education Merit for attendance at their first event each year.

### SCHOLARSHIPS

NHPPA prides itself in promoting the importance of continuing education. In that spirit of learning, NHPPA awards thousands of dollars in educational scholarships to members each year.

### MEMBER DIRECTORY
