Competition season has just begun, and there is no shortage of opportunities to enter: state, districts, as well as nationals.

Do you know how they all work? Have you been avoiding entering because it is all just too confusing?

Join Jean and Madonna for this program as they breakdown the process for you. Topics they will talk about include:

- What make up the 12 elements of a merit image
- How to select the right image
- How to present the image for competition
- How to enter each of the different competitions

Jean is a Master Photographer and Certified Professional Photographer who has been entering competition since 2006. Jean has consistently scored in the above average and merit categories, and recently accomplished 5-for-5 in the NHPPA state competition as well as Bronze Photographer of the Year through PPA.

Madonna is a Master Photographer and Photographic Craftsman who has been entering competition since 2008. She is a five-time recipient of Photographer of the Year through PPA and has had five images accepted into the prestigious PPA loan collection. Madonna is also an Affiliate Juror with PPA.

Be prepared to enter image competition and take your photography skills to the next level.
